

Come to the Jewish Genealogical Society  
of the Conejo Valley and Ventura  
County\* (\* and surrounding areas)

Monday, November 10, 2008 7:00 p.m. - 9:00 p.m.  
at Temple Adat Elohim  
2420 E. Hillcrest Drive, Thousand Oaks

"Abraham's Children: Race. Identity and the DNA  
of the Chosen People"

Can identity be found in a pinprick of DNA? What can genes tell us about our ethnic and religious roots—what used to be called our "race"? In *ABRAHAM'S CHILDREN*, author Jon Entine marries genealogy and genetics to vividly bring to life a new understanding of Western identity and the shared biblical ancestry of Jews and Christians. *ABRAHAM'S CHILDREN* uses the latest DNA technology to reconstruct genealogical trees and captivating family narratives. This is a biblical epic told through the prism of our genes. He examines the origins of many diseases, from breast cancer to brain disorders.

**Speaker: Jon Entine**, is an internationally respected author, consultant, and public policy expert focused on leadership, sustainability and science and society. He is an adjunct fellow at the American Enterprise Institute for Public Policy Research in Washington, D.C. Opportunity to purchase book and get it signed by the author—a great holiday gift!

The Jewish Genealogical Society of the Conejo Valley and Ventura County is dedicated to sharing genealogical information, techniques and research tools with anyone interested in Jewish genealogy and family history.

Meeting co-sponsored with Temple Adat Elohim. There is no charge to attend the meeting. Anyone may join JGSCV.
