

**Come to the Jewish Genealogical Society
of the Conejo Valley and Ventura
County* (* and surrounding areas)**

**Sunday, July 12, 2009 1:30 p.m.-3:30 p.m.
at Temple Adat Elohim
2420 E.Hillcrest Drive, Thousand Oaks**

**"Facebook: The Ins and Outs of the On-Line
Social Networking Utility to Find Relatives
and Others"**

Originally launched in 2004 at Harvard, Facebook grew to be the most popular social networking web site in English-speaking countries today with over 200 million users. In minutes, with no prior experience you can find, those elusive cousins (and maybe some others you did not know about).

Michael Gallop, JGSCV's former webmaster, will discuss his success on Facebook and demonstrate how to make your family tree come alive and provide invaluable knowledge about your family! Michael has been working on his genealogy for almost 20 years and has collected a tremendous amount of information about his family. However, it wasn't until he joined Facebook that he actually developed a relationship with many of his relatives and realized how useful those relationships were in helping him uncover information on his relatives he never would have been able to obtain otherwise. Imagine being able to use your computer to connect with your relatives and have them help you with your research just as if you had interviewed them all personally. Michael is an estate and charitable planner. Following Michael's presentation, JGSCV Board Members will share their successes with Facebook.

The Jewish Genealogical Society of the Conejo Valley and Ventura County is dedicated to sharing genealogical information, techniques and research tools with anyone interested in Jewish genealogy and family history.

Meeting co-sponsored with Temple Adat Elohim

There is no charge to attend the meeting.

Anyone may join JGSCV.
