Assisted Research Afternoon at the L.A. Family History Library (LAFHL)

Experienced JGSCV members and Family History Library volunteers will be available to help members get the most out of the L.A. Family History Library's resources, including computer assistance with many popular genealogical databases including Ancestry.com (full access), Fold3.com, Heritage Quest, World Vital Records, Godfrey Memorial Library on-line resources and more! The LAFHL has many computers so everyone can use them simultaneously. In addition, there are Jewish microfilms of Eastern Europe and a selection of others, including maps and gazetteers. Bring your research documents with you and bring a flash drive if you want to download electronic images of online images. Hard copying is also available. Our sister JGS, JGSLA's library is available for research at the LAFHL.

Barbara Algaze, volunteer at the LAFHL, and librarian for the JGSLA, will give an introduction to the resources at the L.A. Family History Library. This is a new presentation including using books to help with your Jewish Research, getting started on the Family History Library computers and navigating the Family Search website.

The Jewish Genealogical Society of the Conejo Valley and Ventura County is dedicated to sharing genealogical information, techniques and research tools with anyone interested in Jewish genealogy and family history.
