The Jewish Genealogical Society of the Conejo Valley and Ventura County (JGSCV) will hold a **Zoom** meeting, Sunday, February 6, 2022 1:30-3:30 p.m. Open only to JGSCV members (see below for membership app). Ask the Experts/Schmoozing Corner begins at 1:10 PM **Zoom link will be emailed to members a few days before the meeting.**

The Program: Getting Ready for the 1950 Census: Searching With and Without a Name Index

When the 1950 census will be released in April 2022, it will not have a name index. So finding people in the census will involve searching by location instead. Even when a name index becomes available, there will still be many reasons for doing locational searches.

The census is organized by Enumeration Districts (EDs), so the location needs to be converted to an ED before the census can be accessed. The One-Step website contains numerous tools for obtaining EDs. This talk will present the various tools and show circumstances in which each can be used.

Speaker: Steve Morse creator of the "One-Step" web pages, has been a mainstay of genealogy research, inventing many tools that ease research work for both the novice and the experienced genealogist. He managed to get EllisIsland.org to use his approach in order to ease research on that site and has developed special tools that help handle data as each new U.S. census has been released. For details on his enormous number of research aids, see his website at stevemorse.org.

There is no charge to attend the meeting. Anyone may join JGSCV. Annual dues are \$30 for an individual and \$35 for a family.
